

Coach Requirements for COVID

- Ensure that all players have checked in through Teamsnap app and are approved for practice.
- If a player has not checked in or believes they have failed the check-in in the app by user error, you may ask the player the check in questions to confirm they are eligible for practice. Please notify the club with any false fails or manual check-ins that do not happen through the app.
- Players who fail the protocol should not practice or be in contact with the team.
- Sanitize all team equipment - team balls, cones, pinnies
- Wear a mask at all times
- Enforce CYSC Covid Safety and Action Plan to the best of your ability
- Ensure players social distance and wear masks at all times, within reason
- Reduce all unnecessary close contact not related to game play - team huddles, team cheers, post game/practice gathering
- Communicate with club COVID contact (Eric Gervase) with any questions, concerns, or notifications about players that fail protocol.

Game Day Requirements for COVID

- All of the above requirements, plus:
 - Temperature check the referee and record result in team check in tracking sheet for all home games. Referee must have a temperature of 100.3 or less to proceed with refereeing the game. Please pay ref regardless of result.
 - Place COVID Safety signs (in shed) near your game field
 - Place home team and away team signs (also in shed) at appropriate places on the field
 - Contact the opposing coach the week of the game to verify unique COVID protocol per club
